## PLAN AND APPROACH

### **Plan and Approach for the Design, Manufacture, Installation and Maintenance of Holiday Decor and Lighting for the Key West Historic Seaport:**

#### **General Information:**

Our plan is to provide the City of Key West with a "Must See" Holiday lighting and Decor program designed with complementing nautical themes reflective of the community history and the branding of Old Historic Seaport. Being a tourist town, we have a new audience almost every night of the Holiday season. It is paramount that every display and feature is lighted and operating as designed at every location each night.

Our Proposal provides a response to the requested "base" program as well as a selection of fresh alternative designs we feel will be entertaining and exciting both day and night for guests and residents.

Decor will include a combination of lighted Pole trim, Architectural outlines, Tree Lighting, Lighted Garlands, Animation features and Nautical themed Sculptures. Sculpture designs can change from season to season keeping the event "fresh". The proposed selection can be substituted with designs of comparable value. We will provide a list of available designs each August 1 of the contract.

All components are provided with itemized pricing for your convenience. All pricing includes rental of the product, installation, maintenance while installed, dismantling, transportation and storage. All displays are manufactured in house and feature the most current LED and electrical technology available.
