**RE: Conditional Use Amendment Application
506 Southard Street, Key West, Florida**

Dear Ms. Paul-Leto:

This letter is an addendum to the Conditional Use Amendment Application for 506 Southard Street, Key West, Florida, filed October 31, 2018. The application's Description of Proposed Development and Use shall be supplemented to include:

1. Hours of operation are limited as follows: Monday and Tuesday from 10am to 2am, Wednesday, Thursday, Friday and Saturday from 10am to 4am, and Sundays from 12pm to 2am; and
2. There will be no outdoor music on the premises (indoor music permitted subject to all City noise ordinance restrictions).

In addition, this addendum shall supplement the application to provide that a secondary egress shall be resolved with the Key West Fire Marshall before occupancy of the second floor.

Please include these supplements in the application.

Sincerely,

Wayne LaRue Smith

**RE: Conditional Use Amendment Application
506 Southard Street, Key West, Florida**

Dear Mr. Wright:

This is an application to amend an existing conditional use permit for the property located at 506 Southard Street, Key West, Florida, 33040 ("Property"). The Property is currently operated as a bar, since earlier, named "Irish Oak Barrel Pub." The establishment operates pursuant to Planning Board Resolution Number 2011-0014 and Number 2014-14, which approved the conditional use of the premises, initially, as a beer and wine bar in 2011 and then a full liquor bar in 2014. The Applicant seeks to expand the consumption area to include the second floor, which was previously designated as office space, and to increase the outdoor consumption area. Specifically, the Applicant seeks to increase the interior consumption area from 286 to 478 square feet, the exterior (porch) consumption area from 62 to 150 square feet, and the courtyard consumption area from 31 to 104 square feet.

Existing development is depicted in the attached surveys and plans, including:

- Size of Site
- Buildings
- Structures
- Adjacent Buildings

Proposed development is depicted in attached plans prepared by licensed engineers, including:

- Consumption areas/floor plan

Key persons and entities involved:

- Owner of Property: K W Zion, LLC
- Owner of Business: Irish Oak Barrel, LLC

- Authorized Agent: Wayne LaRue Smith, Esq.

Site Data:

There will not be any changes to this site related to this conditional use amendment application except to expand the consumption area to parts of the premises that were not previously designated as consumption areas.

Additional Project information:

The Applicant's long term tenant, Irish Oak Barrel, LLC, ("Irish Oak Barrel") currently operates a full liquor bar at 506 Southard Street, Key West, Florida 33040. Irish Oak Barrel is proposing to expand the consumption area.

Specific Criteria for Conditional Use Approval:

- **Characteristics of Proposed Use as differentiated from the existing Conditional Use Permit:**
 - **Scale and intensity of the proposed conditional use as measured by the following:**
 - a) **Floor Area Ratio:** The Applicant proposes to add a total of 353 square feet to its consumption area. The original conditional use application approved total consumption area of 379 square feet. If approved, the total combined consumption areas will be 732 square feet.
 - b) **Traffic Generation:** Because this property is less than one half block from Duval Street, and virtually all patrons arrive on foot or bicycle, the Applicant believes there will be no Change from original conditional use application.
 - c) **Square Feet of enclosed building:** There will be no change from original conditional use application as the Applicant seeks to convert interior office space to consumption area.
 - d) **Proposed employment:** The Applicant anticipates adding 2 additional employees during peak hours.
 - e) **Proposed number and type of service vehicles:** The Applicant does not expect the addition of service deliveries but may be receiving larger orders with existing deliveries. All deliveries are from service providers who are currently serving other establishments in the Duval Street corridor.

- f) **Off-Street Parking Needs:** No change from original conditional use application. Additionally, the site is within the historic commercial pedestrian-oriented area, pursuant to Section 108-573(c) of the City Code.
- **On or Off Site improvement needs generated by the proposed conditional:**
 - a) **Utilities:** The Applicant plans call for a small second service bar on the second floor, which will have a three-bay sink and a hand-washing sink.
 - b) **Public Facilities:** This Application does not invoke the need of concurrency management pursuant to Chapter 94 of the Land Development Regulations as this Application is only for conditional use amendment and not a development plan.
 - c) **Roadway or signalization improvements or other similar improvements:** This Application does not require the need for any roadway signalization improvements, or other similar improvements.
 - d) **Accessory structures or facilities:** This Application does not seek to add any accessory structures or facilities.
 - e) **Other unique facilities/structures proposed as part of site improvements:** This Application does not seek to add any unique facilities or structures. Nothing on the site will change from its current configuration, except the change in consumption area.
- **On-Site Amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:**
 - a) **Open space:** There will be no change to the open space of the Property.
 - b) **Setbacks from adjacent properties:** There are no changes to existing setbacks.
 - c) **Screening and buffers:** There will be no change to the screening and buffers on the Property.
 - d) **Landscaped berms proposed to mitigate against adverse impacts to adjacent sites:** There are no proposed landscape berms as part of this Application.

e) **Mitigative techniques for abating smoke, odor, noise and other noxious impacts:** No changes from the original conditional use permit. The existing conditional use does not allow live or amplified music outdoors. In the almost seven years of operation as a bar, there have been no events or information to suggest that additional mitigative techniques would be required. Nonetheless, it is the Applicant's intention to constantly monitor its activities and to regularly interact with neighbors to ensure that the Applicant's use does not cause any material change in the ambience of the neighborhood.

o Criteria for conditional use review and approval:

- a) **Land Use Compatibility:** The proposed use of the Property is compatible with Section 122-686 of the Land Development Regulations. The Property is located in the Historic Residential Commercial Core District (HRCC-1). The HRCC-1 is characterized by specialty shops, sidewalk-oriented restaurants, lounges and bars with inviting live entertainment; and transient rental accommodations. The proposed use is an existing full service bar serving beer, wine and liquor that complements the surrounding uses, which include neighboring specialty shops and sidewalk-oriented restaurants and bars such as Cuzzy Bubbas, Mr. Z's, The Café, Cuban Coffee Queen, Onlywood Pizza and Old Town Mexican Cafe. The proposal subject to this application is permitted as a conditional use pursuant to Section 122-688(9) "Bars and lounges...".
- b) **Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use:** The existing site and infrastructure are adequate to accommodate the proposed use. The site has been operated as a bar for approximately seven years and has more than enough size and infrastructure to accommodate the serving of liquor on the Property in the areas designated in this application.
- c) **Proper Use of Mitigative Techniques:** The applicant is maintaining the no outdoor music condition in order to minimize noise. The addition of consumption area, most of which is interior, will not likely otherwise invoke the need for additional mitigation.
- d) **Hazardous Waste:** The proposed use will not create negative impacts that require disposal of hazardous waste.
- e) **Compliant with Applicable Law and Ordinances:** The use will comply with all state, local and federal regulations.

- f) **Additional Criteria Applicable to Specific Land Uses:** The proposed conditional use does not fall within a conservation area nor does it provide for development in any of the enumerated areas pursuant to Chapter 122-62 of the Land Development Regulations.

Sincerely,

Wayne LaRue Smith

I. Existing Conditions.

- A) Recent Survey of the site by a licensed Surveyor showing all dimensions including distances from property lines, and including:
 - 1) Size of site;
 - 2) Buildings, structures, and parking;
 - 3) FEMA Flood Zone;
 - 4) Topography;
 - 5) Easements; and
 - 6) Location of Utility Lines (sewer, water, electric, cable) adjacent and extending into the site.
- B) Existing size, type and location of trees, hedges, and other features.
- C) Existing stormwater retention areas and drainage flows.
- D) A sketch showing adjacent land uses, buildings, and driveways.

II. Proposed Development: Plans at 11" X 17" (10,000 Sq. ft. or less); 24" X 36" if site is over 10,000 sq. ft.

- A) Site Plan to scale of with north arrow and dimensions by a licensed architect or engineer.
 - 1) Buildings
 - 2) Setbacks
 - 3) Parking:
 - a. Number, location and size of automobile and bicycle spaces
 - b. Handicapped spaces
 - c. Curbs or wheel stops around landscaping
 - d. Type of pavement
 - 4) Driveway dimensions and material
 - 5) Location of Utility Lines (sewer, water, electric, cable) adjacent and extending into the site.
 - 6) Location of garbage and recycling
 - 7) Signs
 - 8) Lighting
 - 8) Project Statistics:
 - a. Zoning
 - b. Size of site
 - c. Number of units (or units and Licenses)
 - d. If non-residential, floor area & proposed floor area ratio
 - e. Consumption area of restaurants & bars
 - f. Open space area and open space ratio
 - g. Impermeable surface area and impermeable surface ratio
 - h. Number of automobile and bicycle spaces required and proposed
- B) Building Elevations
 - 1) Drawings of all building from every direction. If the project is in the Historic District please submit HARC approved site plans.
 - 2) Height of building.
 - 3) Finished floor elevations and bottom of first horizontal structure
 - 4) Height of existing and proposed grades
- C) Drainage Plan: Existing & Proposed retention areas and calculations approved by the City Engineer. See one of the attached commercial and residential use Stormwater Retention Forms.
- D) Landscape Plan: Size, type, location and number of plants to be removed, kept, and installed. The plan must be approved by the City Landscape Coordinator through a letter of approval. If the project is a Major Development Plan a landscape design prepared by a licensed Landscape Architect is required per Section 108-511(b) of the Land Development Regulations.

Development Plan Submission Materials

Sec. 108-226. Scope.

A development plan, for the purposes of this division, shall include but not necessarily be limited to the requirements in this division. With the exception of sections 108-227 through 108-229, the city planner may waive or modify requirements, information and specific performance criteria for development plan review after rendering a finding in writing that such requirements:

- (1) Are not necessary prior to development plan approval in order to protect the public interest or adjacent properties;
- (2) Bear no relationship to the proposed project or its impacts; and
- (3) Are found to be impractical based on the characteristics of the use, including the proposed scale, density/intensity, and anticipated impacts on the environment, public facilities and adjacent land uses.

Sec. 108-227. Title block.

The development plan shall contain the following pertaining to the title block:

- (1) Name of development.
- (2) Name of owner/developer.
- (3) Scale.
- (4) North arrow.
- (5) Preparation and revision date.
- (6) Location/street address of development.

Sec. 108-228. Identification of key persons.

The development plan shall contain the following pertaining to identification of key persons:

- (1) Owner.
- (2) Owner's authorized agent.
- (3) Engineer and architect.
- (4) Surveyor.
- (5) Landscape architect and/or environmental consultant.
- (6) Others involved in the application.
- (7) A verified statement showing each and every individual person having a legal and/or equitable ownership interest in the subject property, except publicly held corporations whose stock is traded on a nationally recognized stock exchange, in which case the names and addresses of the corporation and principal executive officers together with any majority stockholders will be sufficient.

Sec. 108-229. Project description.

Project description should be included on the site plan sheet. The development plan shall contain the following pertaining to the project description:

- (1) Zoning (include any special districts).
- (2) Project site size (acreage and/or square footage).
- (3) Legal description.
- (4) Building size.
- (5) Floor area ratio, permitted and proposed.
- (6) Lot coverage, permitted and proposed.
- (7) Impervious surface.
- (8) Pervious surface.
- (9) Landscape areas.

- (10) Parking spaces, permitted and proposed.
- (11) Delineation of location of existing and proposed structures.
- (12) Existing and proposed development type denoted by land use including density/intensity.
- (13) Setbacks.

Sec. 108-230. Other project information.

A general outline of the proposed development shall include the following criteria where applicable:

- (1) Proposed stages or phases of development or operation and facility utilization.
- (2) Target dates for each phase.
- (3) Expected date of completion.
- (4) Proposed development plan for the site.
- (5) A written description of characteristics of the proposed development (i.e., number and type of residential units; floor area by land use; number of tourist accommodations units; seating or parking capacities; number of hospital beds; any proposed outside facilities or areas to be used for storage, display, outside sales, waste disposal or similar use; and any other proposed uses).
- (6) For planned unit developments, indicate design techniques (i.e., clustering, zero lot line, or other techniques) used to reduce public facility costs, reduce disturbance of natural resources, and preserve scenic quality of the site.
- (7) Buildings and sitting specifications which shall be utilized to reduce damage potential and to comply with federal flood insurance regulations.
- (8) Protection against encroachment together with proposed mitigation measures to be employed within environmentally sensitive areas.

Sec. 108-231. Residential developments.

- (a) If the development includes residential units, the following characteristics shall be discussed in the written description:
 - (1) A breakdown of the proposed residential units by number of bedrooms;
 - (2) Tenure (i.e., owner-occupied or rental); and
 - (3) Structure type, such as single-family, duplex, multiple-family, mobile home.
- (b) Refer to division 10 of article V of chapter 122 for information and legal instruments needed to satisfy the city's affordable housing requirements.

Sec. 108-232. Intergovernmental coordination.

The development plan shall contain the following pertaining to intergovernmental coordination:

- (1) Provide proof of coordination with applicable local, regional, state and federal agencies, including but not limited to the following agencies that will be involved in the project:
 - a. South Florida Regional Planning Council (SFRPC).
 - b. City electric system (CES).
 - c. State department of environmental protection (DEP).
 - d. Army Corps of Engineers (ACOE).
 - e. South Florida Water Management District (SFWMD).
 - f. State department of transportation (DOT).
 - g. State department of community affairs (DCA).
 - h. Florida Keys Aqueduct Authority (FKAA).
 - i. State fish and wildlife conservation commission (F&GC).
 - j. The county.
- (2) Provide evidence that any necessary permit, lease or other permission from applicable local, regional, state and federal agencies has been obtained for any activity that will impact wetland communities or submerged land.
- (3) When intergovernmental coordination efforts are incomplete, the applicant shall provide evidence of good faith efforts towards resolving intergovernmental coordination issues.

CONDITIONAL USE CRITERIA

Sec. 122-61. Purpose and intent.

The purpose of this article is to ensure that a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity. This article sets forth provisions and criteria for consideration of conditional uses on specific sites. Conditional uses shall be permitted only upon a finding that the proposed use satisfies this article.

Sec. 122-62. Specific criteria for approval.

- (a) Findings. A conditional use shall be permitted upon a finding by the planning board that the proposed use, application and, if applicable, development plan comply with the criteria specified in this section, including specific conditions established by the planning board and or the city commission during review of the respective application in order to ensure compliance with the comprehensive plan and land development regulations. If the proposed conditional use is a major development pursuant to sections 108-165 and 108-166, the city commission shall render the final determination pursuant to section 122-63. A conditional use shall be denied if the city determines that the proposed use does not meet the criteria provided in this section and, further, that the proposed conditional use is adverse to the public's interest. An application for a conditional use shall describe how the specific land use characteristics proposed meet the criteria described in subsection (c) of this section and shall include a description of any measures proposed to mitigate against possible adverse impacts of the proposed conditional use on properties in the immediate vicinity.
- (b) Characteristics of use described. The following characteristics of a proposed conditional use shall be clearly described as part of the conditional use application:
 - (1) Scale and intensity of the proposed conditional use as measured by the following:
 - a. Floor area ratio;
 - b. Traffic generation;
 - c. Square feet of enclosed building for each specific use;
 - d. Proposed employment;
 - e. Proposed number and type of service vehicles; and
 - f. Off-street parking needs.
 - (2) On- or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:
 - a. Utilities;
 - b. Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in chapter 94;
 - c. Roadway or signalization improvements, or other similar improvements;
 - d. Accessory structures or facilities; and
 - e. Other unique facilities/structures proposed as part of site improvements.
 - (3) On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:
 - a. Open space;
 - b. Setbacks from adjacent properties;
 - c. Screening and buffers;
 - d. Landscaped berms proposed to mitigate against adverse impacts to adjacent sites; and
 - e. Mitigative techniques for abating smoke, odor, noise, and other noxious impacts.

DEVELOPMENT PLAN AND CONDITIONAL USE APPLICATION

City of Key West Planning Department
1300 White Street, Key West, FL 33040
(305) 809-3720

(c) Criteria for conditional use review and approval. Applications for a conditional use shall clearly demonstrate the following:

- (1) Land use compatibility. The applicant shall demonstrate that the conditional use, including its proposed scale and intensity, traffic-generating characteristics, and off-site impacts are compatible and harmonious with adjacent land use and will not adversely impact land use activities in the immediate vicinity.
- (2) Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use. The size and shape of the site, the proposed access and internal circulation, and the urban design enhancements must be adequate to accommodate the proposed scale and intensity of the conditional use requested. The site shall be of sufficient size to accommodate urban design amenities such as screening, buffers, landscaping, open space, off-street parking, efficient internal traffic circulation, infrastructure (i.e., refer to chapter 94 to ensure concurrency management requirements are met) and similar site plan improvements needed to mitigate against potential adverse impacts of the proposed use.
- (3) Proper use of mitigative techniques. The applicant shall demonstrate that the conditional use and site plan have been designed to incorporate mitigative techniques needed to prevent adverse impacts to adjacent land uses. In addition, the design scheme shall appropriately address off-site impacts to ensure that land use activities in the immediate vicinity, including community infrastructure, are not burdened with adverse impacts detrimental to the general public health, safety and welfare.
- (4) Hazardous waste. The proposed use shall not generate hazardous waste or require use of hazardous materials in its operation without use of city-approved mitigative techniques designed to prevent any adverse impact to the general health, safety and welfare. The plan shall provide for appropriate identification of hazardous waste and hazardous material and shall regulate its use, storage and transfer consistent with best management principles and practices. No use which generates hazardous waste or uses hazardous materials shall be located in the city unless the specific location is consistent with the comprehensive plan and land development regulations and does not adversely impact wellfields, aquifer recharge areas, or other conservation resources.
- (5) Compliance with applicable laws and ordinances. A conditional use application shall demonstrate compliance with all applicable federal, state, county, and city laws and ordinances. Where permits are required from governmental agencies other than the city, these permits shall be obtained as a condition of approval. The city may affix other conditions to any approval of a conditional use in order to protect the public health, safety, and welfare.
- (6) Additional criteria applicable to specific land uses. Applicants for conditional use approval shall demonstrate that the proposed conditional use satisfies the following specific criteria designed to ensure against potential adverse impacts which may be associated with the proposed land use:
 - a. Land uses within a conservation area. Land uses in conservation areas shall be reviewed with emphasis on compliance with section 108-1 and articles III, IV, V, VII and VIII of chapter 110 pertaining to environmental protection, especially compliance with criteria, including land use compatibility and mitigative measures related to wetland preservation, coastal resource impact analysis and shoreline protection, protection of marine life and fisheries, protection of flora and fauna, and floodplain protection. The size, scale and design of structures located within a conservation area shall be restricted in order to prevent and/or minimize adverse impacts on natural resources. Similarly, public uses should only be approved within a wetland or coastal high hazard area V zone when alternative upland locations are not feasible on an upland site outside the V zone.
 - b. Residential development. Residential development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting setbacks, lot coverage, height, mass of building, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles III, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, internal circulation, and off-

street parking; as well as possible required mitigative measures such as landscaping and site design amenities.

- c. Commercial or mixed use development. Commercial or mixed use development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting floor area ratio, setbacks, lot coverage, height, mass of buildings, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles I, II, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, pedestrian access and circulation; internal vehicular circulation together with access and egress to the site, and off-street parking; as well as possible required mitigative measures such as landscaping, buffering, and other site design amenities. Where commercial or mixed use development is proposed as a conditional use adjacent to U.S. 1, the development shall be required to provide mitigative measures to avoid potential adverse impacts to traffic flow along the U.S. 1 corridor, including but not limited to restrictions on access from and egress to U.S. 1, providing for signalization, acceleration and deceleration lanes, and/or other appropriate mitigative measures.
- d. Development within or adjacent to historic district. All development proposed as a conditional use within or adjacent to the historic district shall be reviewed based on applicable criteria stated in this section for residential, commercial, or mixed use development and shall also comply with appearance and design guidelines for historic structures and contributing structures and/or shall be required to provide special mitigative site and structural appearance and design attributes or amenities that reinforce the appearance, historic attributes, and amenities of structures within the historic district.
- e. Public facilities or institutional development. Public facilities or other institutional development proposed as a conditional use shall be reviewed based on land use compatibility and design criteria established for commercial and mixed use development. In addition, the city shall analyze the proposed site location and design attributes relative to other available sites and the comparative merits of the proposed site, considering professionally accepted principles and standards for the design and location of similar community facilities and public infrastructure. The city shall also consider compliance with relevant comprehensive plan assessments of community facility and infrastructure needs and location impacts relative to service area deficiencies or improvement needs.
- f. Commercial structures, uses and related activities within tidal waters. The criteria for commercial structures, uses and related activities within tidal waters are as provided in section 122-1186.
- g. Adult entertainment establishments. The criteria for adult entertainment establishments are as provided in division 12 of article V of this chapter.

1. Seats in excess of the 14 originally approved shall be removed until such time as appropriate impact fees are submitted for a total of no more than 25 seats.
2. No more than one table and two chairs shall remain at the outdoor ADA seating area by the call button.

Conditions subject to a Conditional Approval Permit, per Ordinance 10-22 subject to an associated annual inspection:

3. Hours of operation are limited as follows: Monday through Thursday 10am to 2 am and Friday and Saturday from 10am to 4am and Sundays from 12pm to 2am; and
4. There will be no amplified live music or outdoor music on the premises; and

Section 3. Full, complete, and final application for all permits required for which this resolution is wholly or partly necessary, shall be submitted in its entirety within 12 months after the date hereof.

Section 4. This conditional use approval does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Section 5. This resolution shall go into effect immediately upon its passage and adoption and

authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 6. This resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of Economic Opportunity (DEO). Pursuant to Chapter 9J-1, F.A.C., this permit or development order is not effective for forty five (45) days after it has been properly rendered to the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.

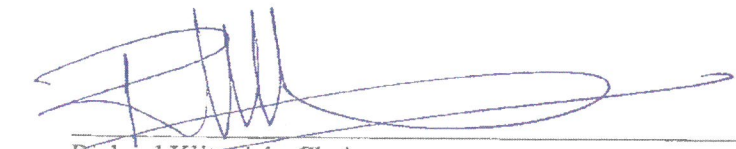

Section 7. The applicant shall obtain and maintain a Conditional Approval Permit from the City prior to issuance of a Certificate of Occupancy per Ordinance Number 10-22.

Read and passed on first reading at a regular meeting held this 20th day of February, 2014.
