RE: **Administrative Hearing for 804 Catherine Street**

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

On November 8, 2018, building inspectors informed my office that a tree had been improperly trimmed at a property they were inspecting (pool installation). Information collected determined that the pool contractor was not involved in the improperly and unauthorized tree trimming. A site inspection documented numerous cut branches on the ground and two Spanish speaking gentlemen cleaning the yard. Due to a language barrier, no information was collected from these two gentlemen.

Contact was made with Mary Rando, property owner, who stated that her husband hired the men to clean the yard. She was informed of the violation and an administrative hearing notice was sent.
