WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on April 18, 2019;

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other land, structures, or buildings in the same district;

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant;

WHEREAS, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant;

WHEREAS, the Planning Board finds that the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

WHEREAS, the Planning Board finds that the granting of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare;

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures, or buildings in

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to this variance in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate this variance, which variance shall be of no force or effect.

Section 5. This variance does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.
