This application is reviewed pursuant to Section 90-391 through 90-397 of the City of Key West Land Development Regulations (LDRs). The City's LDRs can be found in the Code of Ordinances online at http://www.municode.com/Library/FL/Key_West under Subpart B.

*Please note, variances are reviewed as quasi-judicial hearings, and it is improper for the owner or applicant to speak to a Planning Board member or City Commissioner about the hearing.

Standards for Considering Variances

Before any variance may be granted, the Planning Board and/or Board of Adjustment must find all of the following requirements are met:

1. Existence of special conditions or circumstances. That special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other land, structures or buildings in the same zoning district.

This property has very little auto-related traffic. It is a train and trolley depot that also services the pedestrian traffic in the immediate area.

2. Conditions not created by applicant. That the special conditions and circumstances do not result from the action or negligence of the applicant.

Conditions not created by applicant. ADA accessible structures and service is simply a legal and moral imperative

3. Special privileges not conferred. That granting the variance(s) requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings or structures in the same zoning district.

No special privileges will be conferred. the variance will allow the property to better serve the special needs community and will not expand the commercial activity in any way.

4. Hardship conditions exist. That literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant.

This property can not accommodate the parking requirement associated with the expansion of floor area to allow the conversion of the structure to ADA.

5. Only minimum variance(s) granted. That the variance(s) granted is/are the minimum variance(s) that will make possible the reasonable use of the land, building or structure.

The variance request less than the total loss of floor area to the ADA conversion

6. Not injurious to the public welfare. That granting of the variance(s) will be in harmony with the general intent and purpose of the land development regulations and that such variances will not be injurious to the area involved or otherwise detrimental to the public interest or welfare.

Not injurious to the public welfare, in fact it is quite the opposite

7. Existing nonconforming uses of other property shall not be considered as the basis for approval. That no other nonconforming use of neighboring lands, structures, or buildings in the same district, and that no other permitted use of lands, structures or buildings in other districts shall be considered grounds for the issuance of a variance.

Existing nonconforming uses of other property are not be considered as the basis for the request

The Planning Board and/or Board of Adjustment shall make factual findings regarding the following:

- That the standards established in Section 90-395 have been met by the applicant for a variance.
- That the applicant has demonstrated a "good neighbor policy" by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors. Please describe how you have addressed the "good neighbor policy."

REQUIRED SUBMITTALS: All of the following must be submitted in order to have a complete application. Please submit one paper copy and one electronic copy of all materials.

- ☒ Correct application fee. Check may be payable to "City of Key West."
- ☒ Notarized verification form signed by property owner or the authorized representative.
- ☒ Notarized authorization form signed by property owner, if applicant is not the owner.
- ☒ Copy of recorded warranty deed
- ☒ Property record card
- ☒ Signed and sealed survey
- ☒ Site plan (plans MUST be signed and sealed by an Engineer or Architect)
- ☒ Floor plans
- ☐ Stormwater management plan

Additional Information for Variance Application:**Description of Proposed Construction, Development and Use:**

The site for the proposed upgrades to an existing building on a horizontally built-out parcel is in the heart of Old Town at the corner of Duval and Front Streets. The upgrades to the exiting baths into ADA conforming baths necessitate the addition of 706 square feet to the building to make up for the loss of several key areas. Therefore, a net change of 706 sf of additional floor area for ADA additions is necessary. As previously stated, the proposal also calls for a second floor addition and updated facade that is architecturally sympathetic to the existing neighborhood and significantly improve the existing low-slung building. Because of site constraints and the nature of the business and how patrons arrive at the business, currently there is no vehicular parking. As such, this proposal calls for the addition of 12 bicycle parking spots in lieu of vehicle parking. This represents a bicycle substitution of four to one, with three vehicle parking spots needed ($700 \text{ sf} / 300 \text{ sf} = 2.3 \text{ or } 3$). A minor development plan is concurrently being submitted with this variance application. In addition to the parking space variance, this application is for a variance to impervious surface ratio, landscape area and open space because this is an existing developed site and therefore compliance with the provisions of this section of the Code are impracticable. Furthermore, the site poses no threat to the health, safety or well-being of the general public in its current nonconforming status.

List and describe the specific variances being requested:

RE: 501- Front Street – Conch Tour Train
Sec. 108-91.C. Floor Area Modifications made for Handicapped Accessibility

Owen:

We are working on doing a renovation and addition to the Conch Tour Train Facility at 501 Front Street. The objective of this renovation and addition is to increase ADA accessibility. There are currently a number of handicap inaccessible areas throughout the store which we will be correcting. Below is a breakdown of existing square footages of spaces compared to the area added to each space to get them to be handicap accessible. You will see how these overall square footages for handicap accessibility are more than the proposed floor area needed to provided ADA access while maintaining necessary retail and storage floor area.

Men's Bathroom

Existing – 150 SF Proposed – 250 SF

Women's Bathroom

Existing – 150 SF Proposed – 311 SF

Concession Area

Existing – 226 SF Proposed – 289 SF

Storage

Existing – 131 SF Proposed – 331 SF

Breakroom

Existing – 68 SF Proposed – 135 SF

Retail Addition for Proposed – 115 SF
Handicap Access

Net Changes required for Handicap Access = 706 SF

Proposed additional floor area = 689 SF

As you can see the additional square footage needed to make the existing building Handicap Accessible is greater than the proposed additional floor area needed to maintain the necessary retail and storage floor area.

SURVEYORS NOTES

- HORIZONTAL COORDINATES AND BEARINGS SHOWN ARE REFERENCED TO GRID NORTH, BASED ON THE 2011 ADJUSTMENT OF THE NORTH AMERICAN DATUM OF 1983 (NAD 83/2011), OF THE FLORIDA STATE PLANE COORDINATE SYSTEM (TRANSVERSE MERCATOR PROJECTION), EAST ZONE (0901).
- COORDINATES WERE ESTABLISHED BY A REAL-TIME KINEMATIC (RTK) GNSS CONTROL SURVEY WHICH IS CERTIFIED TO A 2 CENTIMETER LOCAL ACCURACY, RELATIVE TO THE NEAREST CONTROL POINT WITHIN THE NATIONAL GEODETIC SURVEY (NGS) GEODETIC CONTROL NETWORK. METHOD: WIDE AREA CONTINUOUSLY OPERATING GPS REFERENCE STATION NETWORK (TRIMBLE VRS).
- ELEVATIONS SHOWN HEREON ARE IN FEET AND BASED ON THE NATIONAL GEODETIC SURVEY DATUM OF 1929 (NGVD 1929).
- BENCHMARK DESCRIPTION: NATIONAL GEODETIC SURVEY BENCHMARK: DESIGNATION "872 4580 TIDAL 25" P.I.D. AA0004, ELEVATION=5.11' (NGVD 1929).
- ADDITIONS OR DELETIONS TO SURVEY MAP OR REPORT BY OTHERS THAN THE SIGNING PARTY IS PROHIBITED WITHOUT THE WRITTEN CONSENT OF THE SIGNING PARTY.
- THE UNDERGROUND UTILITIES SHOWN HEREON HAVE BEEN LOCATED FROM FIELD EVIDENCE. THE SURVEYOR MAKES NO GUARANTIES THAT THE UNDERGROUND UTILITIES SHOWN HEREON ENCOMPASS ALL SUCH UTILITIES IN THE AREA, EITHER IN SERVICE OR ABANDONED. FURTHERMORE THE SURVEYOR DOES NOT WARRANT THAT THE UNDERGROUND UTILITIES SHOWN ARE IN THE EXACT LOCATION INDICATED ALTHOUGH HE DOES CERTIFY THAT THEY ARE LOCATED AS ACCURATELY AS POSSIBLE FROM THE EVIDENCE AVAILABLE. THE SURVEYOR HAS NOT POSITIONALLY LOCATED THE UNDERGROUND UTILITIES.
- STREET ADDRESS: 501 FRONT STREET, KEY WEST, FL 33040.
- ALL UNITS ARE SHOWN IN U.S. SURVEY FEET.
- ALL FIELD DATA WAS ACQUIRED ON 08/31/2018.
- COMMUNITY NO.: 120168; MAP NO.: 12087C-1516K; MAP DATE: 02-18-2005; FLOOD ZONE: AE; BASE ELEVATION(S): 7 # 9
