To the Key West Planning Board

I have resided at 1112 20th St. in excess of 35 years. Up until the last few years, it has been a quiet residential neighborhood. As expected, changes are inevitable. However, not all change is good for the community as a whole. (example)We now have to contend with amplified music on a daily basis from 24 North and The Gates Hotels. I strongly urge the planning board take into account the fabric of the neighborhood before considering approval of further major development at 3824 and 3840 N. Roosevelt Blvd. I am definitely opposed to any and all modifications and/or waivers at said property. Pools, cabanas, airstreams, food wagons, and a water feature? Please consider quality of life for those of us who, by design, have cherished and invested in the quiet Key West lifestyle.

Thank you for your attention to this matter.

Sincerely,

Barbara Wurst
