

**PLANNING BOARD
RESOLUTION NO. 2019-__**

A RESOLUTION OF THE CITY OF KEY WEST PLANNING BOARD GRANTING WITH CONDITIONS A VARIANCE TO THE MINIMUM FRONT SETBACK REQUIREMENT ON A PROPERTY LOCATED AT 2325 HARRIS AVENUE (RE# 00048880-000000) IN THE SINGLE FAMILY RESIDENTIAL (SF) ZONING DISTRICT PURSUANT TO SECTIONS 90-395 AND 122-238 (6)(a)(1) OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST, FLORIDA.

WHEREAS, the applicant proposes to replace a portion of the existing roof with a new roof pitch and height change, an open roof arbor and decorative gable on a property located at 2325 Harris Avenue (RE # 00048880-000000); and

WHEREAS, Section 122-238 (6)(a)(1) of the Land Development Regulations (the “LDRs”) of the Code of Ordinances (the “Code”) of the City of Key West, Florida (the “City”) states the minimum front yard setback is 30’ or the average depth of front yards on developed lots within 100’ each side, but not less than 20’; and

WHEREAS, the existing front yard setback is 8 feet; and

WHEREAS, the proposed front yard setback will be expanded upon vertically by 8 feet; and

WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on August 15, 2019; and

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other

_____Chair

_____Planning Director

land, structures, or buildings in the same district; and

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant; and

WHEREAS, the Planning Board finds that granting the variance requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings, or structures in the same zoning district; and

WHEREAS, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant; and

WHEREAS, the Planning Board finds that the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure; and

WHEREAS, the Planning Board finds that the granting of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare; and

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures, or buildings in other districts are grounds for the issuance of the requested variance; and

WHEREAS, the Planning Board finds that the applicant has demonstrated a “good neighbor policy” by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these

neighbors.

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the City of Key West, Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. An approval by Resolution of the City of Key West Planning Board for the minimum front yard setback requirement variance to replace a portion of the existing roof with a new roof pitch and height change, open roof arbor over existing front porch, and decorative gable on the front of the principal structure for a property located at 2325 Harris Avenue (RE # 00048880-000000) in the SF Zoning District pursuant to Sections 90-395 and 122-238 (6)(a)(1) of the City of Key West Land Development Regulations with the following conditions:

General Conditions:

1. The proposed development shall be consistent with the plans dated April 17, 2019 by Serge Mashtakov, P.E. No approval granted for any other work or improvements shown on the plans other than the proposed construction to replace a portion of the existing roof with a new roof pitch and height change, an open roof arbor and decorative gable expanding upwards on the front of the principal structure.
2. No impacts are authorized to occur to any regulated trees or palms including their roots and canopy branches during demolition or construction.
3. Trees near and within the project area will be protected during construction. Trees located within the work area that may need to be removed would require approval from the City of Key West's Urban Forestry Manager.

Section 3. It is a condition of this variance that full, complete and final application for all conditions of this approval for any use and occupancy for which this variance is wholly or partly

necessary, shall be submitted in their entirety within two years after the date hereof; and further, that no application shall be made after expiration of the two-year period without the applicant obtaining an extension from the Planning Board and demonstrating that no change of circumstances to the property or its underlying zoning has occurred.

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to this variance in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate this variance, which variance shall be of no force or effect.

Section 5. This variance does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Section 6. This Resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 7. This Resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of Economic Opportunity. Pursuant to Chapter 73C-44, F.A.C., this permit or development order is not effective for forty-five (45) days after it has been properly rendered to

the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period, the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.

Read and passed on first reading at a regularly scheduled meeting held this 15th day of August 2019.
