RE: 2020 Capital Project (Bricks and Mortar) Funding Key West Beach Maintenance Services Project Request for 5-year contract with option to extend

Dear District I Advisory Committee:

Please accept this letter as the City of Key West's request for a 5-year contract with option to extend for an additional 5 years if it is determined that the City will receive funding for the enclosed 2020 capital funding application for Key West Beach Maintenance Services at Smathers, Rest and South Beaches. A similar contract (Contract ID# 1531), which began in October 2015 and will end in September 2020 with option to extend for a five year period to September 2025, was previously executed by both parties for beach cleaning funding. Should the FY 2020 Capital Funding application be approved, the City will request Contract ID# 1531 be rescinded as of one day prior to the effective date of the new contract.

We would like to prioritize the two capital funding applications being submitted in the FY 2020 cycle. It is the City's top priority to request funding for the Key West Beach Maintenance Services Project. The KEYS Diesel Plant Stabilization is Request #2.

We appreciate the opportunity to partner with the Tourist Development Council to help ensure our top priority project, beach maintenance for Smathers, Rest and South Beaches, is of the utmost importance to ensure the beaches are well-maintained for the estimated 2 million visitors that come to Key West to enjoy a day at the beach during their stay. The funding provided by the TDC is critical to the City's efforts to maintain these beaches.

Thank you very much for your consideration.

Respectfully Terí Johnston Mayor

If the TDC/County requires a Conservation Easement Deed or mortgage note requiring repayment of TDC monies in the event of transfer of ownership or change in use of the premises, would you be agreeable to executing same?

🛛 Yes 🗌 No

Code Enforcement: Does your organization/property have any outstanding code violations and/or fines/costs or liens? (Please note that pursuant to Section 2-25(e), Monroe County Code, organizations with outstanding code compliance fines are not eligible to receive grants or contracts from the county until such time as the fines are resolved through payment or settlement.) Yes No If you have answered yes, please explain below:

Non-Profit Organizations

Payment may be up to 75% reimbursement of the total cost of each segment of the project, subject to the maximum reimbursement amount of expenditures for each segment (if the project work is segmented) as set forth in the agreement. Applicant must be prepared to pay the entire cost of each segment of work in advance of seeking the up to 75% reimbursement. For purposes of this application no more than fifty percent (50%) of out of pocket cost for non-profits shall be of in-kind services and materials, and no in-kind services shall be reimbursed. If the TDC Funds Requested are allocated at less than 75% of the total project cost, only then may the organization request to allow additional in-kind services after submission of the application, which must be entered into your final agreement. The project may be broken down into 2 or 3 segments. When one segment is completed, reimbursement of the TDC portion of that completed segment cost can be applied for through the TDC. For acquisition of property see important information on page 6.

1. Use:

a) Original use of structure and date of construction:

All beach locations were created for tourism and recreational purposes.

b) Present use:

Sunning and bathing beach

c) Proposed use:

Sunning and bathing beach

d) Insert or attach photograph of existing site (Enclose as Exhibit C):

e) Historic designation: Indicate whether the property has been listed in the National Register, is located in a National Register district, is a locally designated historic landmark or is located in a locally designated historic district. If located within a historic district, provide the official name of the district. This information is available from the planning agency having jurisdiction over the property.

- 2. Ownership or other interest in property by applicant:
 - a) Official records reference for ownership documentation
 - b) If not owned by applicant, provide long-term lease of property, or service contract and provide notarized consent letter from owner for use of property as outlined in this application

3. If proposed project calls for transfer of title of real property to County, at least two (2) current real estate appraisals and one (1) environmental assessment shall be provided (**Enclose as Exhibit E**). The TDC/County shall ascertain, prior to acceptance of any donation or prior to purchase, that the property will pose no environmental hazard or liability for same, to County. The TDC/County must also ascertain permissible governmental interest in the transfer of title. Indicate any such proposed title transfers here.

N/A

4. This paragraph applies only to an acquisition funding request, but you will still need to complete items 5 through 13, whether this is new construction or renovations, additions or exhibits. Indicate the area of the property to be acquired in acres:

N/A

In evaluating applications for acquisition funding, an important consideration is the appropriateness of the size of the site to be acquired. Determinations of the appropriateness of site size will be made on a case-by-case basis and will depend on the characteristics for which the property is considered to be significant. Sufficient property should be acquired to assure that the historic relationship of a structure or archaeological site to its surrounding environment is preserved. However, it is important that no more property than is necessary to achieve established preservation objectives be included in the acquisition project application. As this factor is crucial to favorable consideration of your grant application and will have substantial impact on the cost of the required application documentation, we encourage prospective applicants to consult with the staff of the TDC Administrative Office prior to initiating the required documentation.

5. Protection of property: Indicate any type of state or federal protection currently afforded the property. It may be that more than one type may be applicable. Provide citations for applicable local protective ordinances. Include copies of property-specific restrictive legal instruments in an attachment. By signing and submitting this application, the proposer **warrants** that **all** restrictions are disclosed. Failure to include **every** restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (**Enclose as Exhibit F**).

Local Ordinance, Municipal Code Section 26-65, prevents vehicle access on the beaches. State of Florida Department of Environmental Protection Rules prohibit non-public use.

Monroe County Tourist Development Council FY 2020 Capital Project Application

6. Is the property threatened by imminent destruction, deterioration or other loss which may include demolition, vacancy, severe deterioration, loss of structural integrity, encroaching development, adverse environmental conditions, vandalism, etc.? Be specific regarding the nature of immediacy of the threat. If so, describe in detail:

No

7. a) Are there any building restrictions on the site? If so, describe. Attach copies of all recorded easement and restrictive covenants. By signing and submitting this application, the proposer <u>warrants</u> that <u>all</u> restrictions are disclosed. Failure to include <u>every</u> restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (Enclose as Exhibit G).

There are no known recorded easement and restrictive covenants. However, project areas included are in the Coastal Construction Zone permit area.

FDEP - Coastal Construction Control Line Program (CCCL) initiated by the Florida Legislature to protect the coastal system.

b) Is the proposed project compatible with the County's and/or the Municipality's Concurrency Requirements under the existing and proposed Land Use Comprehensive Plan?

🛛 Yes 🛛 🗌 No

Describe below how you have ascertained such compatibility. (Note: If your description does not provide information about existing permits and/or review by the County Planning Department, your application shall be rejected. Please list all permits required to complete this project)

These beach sites are Major Public Parks within the City of Key West and have been designated as such for many years and are considered in all City and County Concurrency requirements and Local Land Use Comprehensive Plans.

c) Does the site contain endangered or threatened species of flora or fauna?

Yes No If yes, attach explanation as **Exhibit H**

d) Indicate whether or not the project will be accessible to the handicapped per Chapter 553, Part V, Florida Statutes and the Americans with Disabilities Act of 1990, Public Law 101-336, as amended.

Yes I no, attach explanation as **Exhibit I**

e) Explain how your facility will utilize recycling within the work of your proposed project:

The City has an extensive public recycling program. Please refer to City Code, Section 58. The recycling program is managed under contract by a private vendor, Waste Management, Inc.

f) Public accessibility and use: Indicate the extent to which the property is currently or will be scheduled to be open to the public each year (hours per day, days per week and weeks per year) upon project completion. Estimate the number of persons who will use or visit the completed facility annually. For archaeological projects, if the site will not be accessible to the public, estimate the number of persons annually who will be exposed to the interpretive materials and reports resulting from the project. How was this estimate derived?

City beaches are open to the public 7am to 11pm daily. Based on observations, review of tourism statistics, and studies including "Linking the Economy and the Environment of Florida Keys/Key West June 2010" we estimate that 495,000 visitors a year utilize the beach. This represents 25% of the over 2 million annual visitors to the City of Key West each year.

8. Describe present physical condition of site: (attach legal description per property tax records). Indicate the present condition of the property by checking the appropriate term below:

Excellent: The property is habitable and occupied; no repairs are needed. All physical evidence indicates that the property is under continuous maintenance. Application is for expansion and enhancement.

Good: The property is habitable and occupied; only replacement or cosmetic repairs are needed (e.g., peeling paint, missing ornamental features, windows, doors, some deteriorated mortar, etc.) Property is maintained but in need of minor repair.

Fair: The property is habitable but may be vacant. Both the structural integrity (foundation, framing, etc.) and weather tight integrity of the property (siding, walls, roofing, etc.) are in jeopardy because of prolonged neglect.

Poor: The property is uninhabitable and vacant. Major structural repairs are needed. Weather tight integrity has been lost. The property is derelict, abandoned and not habitable without major rehabilitation work.

List any specific factors or problems which contribute to the present condition of the property.

There is constant erosion which leads to the need for renourishment. Although renourishment should be performed every 2-3 years, the mitigation aspect of the renourishment can make placing new sand cost prohibitive during these short 2-3 year intervals.

9. Status of Project Planning: (Any work initiated prior to the approval of an agreement by the Monroe County Board of County Commissioners will be at applicants own cost):

	Not yet initiated	\boxtimes	Initiated		
	Schematics complete		Design development completed		
	Construction documents completed		Permits have been obtained (if		
required)					
Name and Address of Project Consultant (architect, engineer, contractor, etc.).					

Contractor: Beach Raker of Pompano Beach, FL (contract began February 2019)

10.

Enclose preliminary plans or architectural documents completed to date - 1 set (Enclose as Exhibit J).

11. Has an agreement for architectural services or construction services been executed?

Yes (costs will not be reimbursed by TDC)

Project does not require architectural services

12. It is the County's policy **not to fund operations and maintenance costs** of facilities. Describe the means by which the structure(s) affected by this project will be maintained subsequent to restoration/rehabilitation. Include sources and estimated amounts of funding for such maintenance.

The normal maintenance and ongoing upkeep of City beaches will be provided by the City of Key West Community Services Department as part of the City's regular maintenance program, funded by the City's General Fund Budget.

13. Estimated Project completion date 12 months beginning Oct 2019

14. How will the project enhance tourism in Monroe County?

This project is part of the City's overall plan to have and maintain coastal and recreation facilities that are clean, attractive, and allow maximum usage by as many of the over 2 million visitors to the City each year. Studies indicate that nearly 25% of the 2 million plus visitors each year to Key West utilize these beaches. The beaches are adjacent to the Trail Head of the Federal Rails to Trails and the State Overseas Heritage Trail which has State and National advertising and marketing programs.

Included in this demonstration should be a proposed operational budget and marketing program to promote this facility as a tourist attraction. (Attach as Exhibit K)

^{15.} Applicant must demonstrate the ability to complete the project as proposed and to maintain and operate the project as a viable and long-term tourist attraction that is open to the public.

FROM: Michael Turner, Community Services Deputy Director

DATE: December 28, 2018

SUBJECT: Awarding the Bid of Beach Raker, LLC for the beach cleaning of Smathers and Rest Beach.

ACTION STATEMENT: Awarding the Bid of Beach Raker, LLC for the cleaning of Smathers and Rest Beach in accordance with the terms specified in ITB #19-003 for a first- year fee of \$700,000 and a lump sum of \$2,205,000 for a 3-year contract with an option to renew for 2 years.

BACKGROUND:

17 4 N

S MA S

On December 19 the City received 2 bids for ITB 19-003 Smathers and Rest Beach Cleaning Contract from Beach Raker, LLC and EE & G Environmental Services, LLC. Both firms provided a responsible and responsive bid. Beach Raker, LLC was the lowest bidder with a first-year fee of \$700,000 and a total of \$2,205,000 for the lump sum total for the first 3 years.

PURPOSE AND JUSTIFICATION: The beaches in Key West are one of the biggest tourist attractions. Unfortunately, they get large deposits of seaweed and debris that must be removed daily. The current contract for beach cleaning is expiring so the City went out to bid ITB 19-003 for a new contract.

OPTIONS:

1. Award the bid from Beach Raker, LLC for the cleaning of Smathers and Rest Beach for \$700,000 for the first year and \$2,205,000 for the lump sum of the first 3 years.

2. Do not award the bid from Beach Raker, LLC for the cleaning of Smathers and Rest Beach for \$700,000 for the first year and \$2,205,000 for the lump sum of the first 3 years. This action would have a detrimental effect on the cleanliness and public safety on the beaches, in addition to jeopardizing beach cleaning grant funding from the Monroe County Tourist Development Council(TDC).

FINANCIAL IMPACT:

Beach cleaning services allocation for the current year is funded in General Fund/Parks and Recreation/Other Contractual Services in Account No. 001-7201-572-34 for the amount of \$860,115. The TDC is currently funding 50% of the beach cleaning contract. The City may be eligible next TDC funding cycle for up to 100% funding for Fiscal Year 2019-20.

RECOMMENDATION:

Staff recommends approval Option 1; Award the bid from Beach Raker, LLC for the cleaning of Smathers and Rest Beach for \$700,000 for the first year with \$2,205,000 as the lump sum for the 3-year contract.

BEACH CLEANING PERMIT CONDITIONS WITHIN MONROE COUNTY

Pursuant to subsection 62B-33.005(11), F.A.C.

Field Permit No. 8035288-00

- 1. During the marine turtle-nesting season (May I to October 31), mechanical beach cleaning activities shall be confined to daylight hours (sunrise to sunset).
- During marine turtle nesting season (May 1 to October 31), the permittee is responsible for ensuring that a daily marine turtle 2. nest survey, protection, and monitoring program is conducted throughout the permitted beach cleaning area. Such surveys and associated conservation measures shall be completed after sunrise and prior to the commencement of any mechanical beach cleaning. The marine turtle survey, protection, and monitoring program shall be conducted only by individuals possessing appropriate expertise in the protocol being followed and a valid F.A.C. Rule 68E-1 Permit issued by the Florida Fish & Wildlife Conservation Commission (FFWCC).
- All nests left in place shall be marked with a circle of tape or string having a radius of at least three (3) feet, centered at the approximated location of the clutch. An additional marker shall be placed in a landward location to ensure that future location of the nest will be possible should the on-beach markings be lost. No mechanical cleaning equipment shall be allowed to occur inside of this circle. However, careful removal of material by hand shall be allowed. All equipment operators should be briefed on the types of marking utilized and should be able to easily contact the individual responsible for the nest survey to verify any questionable areas.
- 4. In the event that mechanical beach cleaning occurs prior to completion of the marine turtle nest survey, protection, and monitoring program, mechanical beach cleaning shall not occur landward of the wrack line on that beach until 65 days have passed or after November 30, whichever is earlier. The permittee shall contact the Marine Turtle Permit Holder prior to reinitiating mechanical beach cleaning in that area.
- In the event that on-beach nest markers are lost for any reason, including vandalism or high water conditions, no mechanical 5. beach cleaning shall be conducted until the marine turtle permit holder identifies the nest and restores the markers. In the event that the nest cannot be found and may have been lost during high water conditions, the permittee shall contact the DEP to determine if mechanical beach cleaning can resume. All marine turtle protection conditions shall remain in effect unless specifically waived in writing.
- In order to avoid adverse impacts in the event that cleaning accidentally occurs over a nest, this permit authorizes the use of a 6. vehicle with a maximum tire pressure of 10 p.s.i. and a rake or cleaning apparatus, which limits penetration into the surface of the beach to a maximum of two inches. Box blades and front or rear mounted blades are not authorized. No other types of vehicles may be operated on the beach pursuant to this permit. Mechanized beach cleaning shall be accomplished so that no ruts are formed on the beach.
- Burial or storage of any debris (biotic or abiotic) collected is prohibited seaward of the 50-foot setback. Removal of 7. accumulated debris from the beach must occur immediately after cleaning has been performed.
- 8. Operators of mechanical beach cleaning equipment shall avoid all native, salt tolerant dune vegetation by a minimum of ten (10) feet.

STANDARD FIELD PERMIT CONDITIONS

The following conditions shall apply to FIELD PERMITS (unless waived by DEP or modified by special permit condition). In the event of a conflict between a field permit condition and a special permit condition, the special condition shall prevail.

- 1) The permittee shall carry out the construction or activity for which the permit was granted in accordance with the plans and specifications that were approved by DEP as part of the permit. Any deviation there from shall be grounds for suspension of the work and revocation of the permit pursuant to Section 120.60(7), F.S., and may result in assessment of civil fines or issuance of an order to alter or remove the unauthorized structure, or both. No other construction or activities shall be conducted. No modifications to project size, location, or structural design are authorized. A copy of the permit shall be conspicuously displayed at the project site.
- 2) The permittee shall conduct the construction or activity authorized under the permit using extreme care to prevent any adverse impacts to the beach and dune system, marine turtles and their nests and habitats, or adjacent property and structures.
- 3) The permittee shall allow any duly authorized member of the staff to enter upon the premises associated with the project authorized by the permit for the purpose of ascertaining compliance with the terms of the permit and with the rules of DEP, until all construction or activities authorized or required in the permit have been completed and the project accepted by DEP.
- 4) The permittee shall hold and save the State of Florida, DEP, its officers and employees, harmless from any damage (no matter how occasioned and no matter what the amount) to persons or property that might result from the construction or activity authorized under the permit and from any and all claims and judgments resulting from such damage.
- 5) The permittee shall allow DEP to use all submitted records, notes, monitoring data, and other information relating to construction or any activity under the permit for any purpose it may deem necessary or convenient, except where such use is otherwise specifically forbidden by law.
- 6) Construction traffic shall not operate and building materials shall not be stored on vegetated areas seaward of the control line, unless specifically authorized by the permit. If (in the opinion of DEP staff) this requirement is not being met, positive control measures shall be provided by the permittee at the direction of DEP staff. Such measures may include temporary fencing, designated access roads, adjustment of construction sequence, or other requirements.
- 7) The permittee shall not disturb existing beach and dune topography and vegetation except as expressly authorized in the permit. Before the project is considered complete, any disturbed topography or vegetation shall be restored (as prescribed in the permit) with suitable fill material or revegetated with appropriate beach and dune vegetation.
- 8) The fill material shall be obtained from a source landward of the control line and shall consist of sand which is similar to that already on the site in both grain size and coloration. This fill material shall be free of construction debris, rocks, or other foreign matter. A sample of the sand shall be provided to the staff representative of the Bureau of Beaches and Coastal Systems during the preconstruction conference.
- 9) If surplus sand fill results from any approved excavation seaward of the CCCL, such material shall be distributed seaward of the CCCL on the site, as directed by DEP staff (unless otherwise specifically authorized by the permit).
- 10) Any native salt-resistant vegetation destroyed during construction shall be replaced with plants of the same species or, by authorization of DEP, with other native salt-resistant vegetation suitable for beach and dune stabilization. Unless otherwise specifically authorized by the staff, all plants installed in beach and coastal areas (whether to replace vegetation displaced, damaged, or destroyed during construction or otherwise) shall be of species indigenous to Florida beaches and dunes (i.e., sea oats, sea grape, saw palmetto, panic grass, salt meadow hay cord grass, seashore salt grass, and railroad vine).
- 11) All topographic restoration and revegetation work is subject to approval and acceptance by DEP staff.
- 12) If not specifically authorized elsewhere in this permit, no operation, transportation, or storage of equipment or materials is authorized seaward of the dune crest or rigid coastal structure during the marine turtle-nesting season. The marine turtle-nesting season is May 1 through October 31 in all counties (except Brevard, Indian River, St. Lucie, Martin, Palm Beach and Broward counties where marine turtle nesting occurs during the period of March 1 through October 31).
- 13) If not specifically authorized elsewhere in this permit, no temporary lighting of the construction area is authorized at any time during the marine turtle-nesting season and no additional permanent exterior lighting is authorized.
- 14) This permit has been issued to a specified property owner and is not valid for any other person.

POST PERMIT AND PUBLIC NOTICE CONSPICUOUSLY ON THE SITE

PUBLIC NOTICE

The foregoing constitutes final agency action. Any person whose substantial interests are affected by any decision made by the Department on the Field Permit has a right to request an administrative hearing in accordance with the provisions of Sections 120.569 and 120.57, F.S. The request for an administrative hearing must comply with the provisions of Rule 28-106.201, F.A.C., and must be received by the Department (at the address given below) within twenty-one (21) days from the date of this notice.

When the Department receives an adequate and timely filed request for hearing, the Department will request the assignment of an administrative law judge. Once the administrative law judge is requested, the Division of Administrative Hearings will have jurisdiction over the formal proceeding and the Department (as the referring agency) will take no further action with respect to the proceeding except as a party litigant.

Section 120.54(5)(b)4, F.S., and Rule 28-106.201(2), F.A.C., explain that the following items must be included in a petition for a formal administrative hearing

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, any e-mail address, any facsimile number, and telephone number of the petitioner, if the petitioner is not represented by an attorney or a qualified representative; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceedings; and an explanation of how the petitioner's substantial interests will be affected by the agency determination:
- (c) A statement of when and how the petitioner received notice of the agency decision:
- (d) A statement of all issues of material fact disputed by the petitioner, or a statement that there are no disputed facts;
- (e) A concise statement of the ultimate facts alleged, including a statement of the specific facts that the petitioner contends warrant reversal or modification of the Department's action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department's action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to its action.

A person may request an extension of time to petition for an administrative hearing. The person filing the request for extension must do so within the time limits for filing a petition described above. The request must state why an extension of time is needed. The Department will grant an extension only when good cause is shown.

If a petition or a request for time extension is filed, further order of the Department becomes necessary to effectuate this Field Permit. Accordingly, the Department's final action may be different from the position taken in this notice. Actions undertaken by any person under this permit, pending the lapse of time allowed for the filing of such a request for hearing, may be subject to modification, removal, or restoration.

Failure to petition within the allowed time frame constitutes waiver of any right that a person has to request a hearing under Section 120.57, F.S., and to participate as a party to the proceeding. If a legally sufficient petition for hearing is not timely received, this notice constitutes final agency action.

When this order becomes final and is filed with the Department Clerk, any party to the order has the right to seek judicial review under Section 120.57, F.S., and Rule 9.030(b)1(c) and 9.110, Florida Rules of Appellate Procedure. A notice of appeal must be filed within thirty (30) days with both the Department Clerk (see address below) and with the appropriate district court of appeal. The notice filed with the district court must be accompanied by the filing fee specified in Section 35.33(3), F.S. Any subsequent intervention will be only by the approval of the presiding officer on motion filed under Rules 28-5.207 or 60Q-2.010, F.A.C.

All requests for hearings are to be filed with the Department at the following address:

Florida Department of Environmental Protection Office of General Counsel Department Clerk 3900 Commonwealth Boulevard Mail Station 35 Tallahassee, Florida 32399-3000

City of Key West 1300 White Street Key West FL. 33040

To Whom It May Concern,

RE: Letter Expressing Interest to Perform Beach Cleaning Services for ITB# 19-003

Beach

To Whom It May Concern,

We have read the request for Beach Cleaning Services – ITB# 19-003 and wish to express our interest in providing the services described in the Invitation to bid to the City of Key West.

Beach Raker has been providing beach cleaning services to municipalities, condominiums, resorts and private estate homes for over 40 years. We are the only full time, professional, beach service company in South Florida. Our patented equipment and cleaning methods have been developed based on over 40 years of experience cleaning beach front properties in one of the most densely populated areas in the United States.

Steven Sterneck, Vice President of Beach Raker has operated businesses in the Florida Keys for several years and formally owned All Keys Gas Service. All Keys Gas Service was the largest independent propane company in the Florida Keys. Mr. Sterneck managed, owned and operated Propane USA, the parent company to All Keys Gas for over 25 years. Beach Raker is currently providing services for the City of Marathon and several other independent accounts in the Florida Keys.

We work very closely with FWC, FDEP, and County Natural Resources Departments to insure we are compliant with all of the regulations regarding beach cleaning methods, turtle nesting, beach erosion control, and beach renourishment. Note: We are the ONLY private beach cleaning organization authorized by the State of Florida to re-establish washed out Turtle Nests after severe storms in Broward County. This enables our City and Town Clients to have their public beaches cleaned and accessible immediately after a severe storm event – without service interruption!

Beach Raker has approximately 235 clients in seven counties: Palm Beach, Broward, Monroe, Dade, Nassau, Sarasota and Duval covering 75 miles of beach front. Our municipal accounts include City of Marathon, City of Dania Beach, City of Pompano Beach, The Town of Lauderdale By The Sea, The Village of Key Biscayne, City of Venice, City of Ft. Lauderdale, City of Hollywood, City of Deerfield Beach, Bal Harbour Village, City of Venice, City of Miami Beach and City of Jacksonville Beach. We are the ONLY private organization that currently provides and beach raking services for municipal clients in Broward County.

Finally, we are very excited to have the City of Key West considering Beach Raker as their service provider.

Thank you for this opportunity,

George (Chip) L. Jones Jr. President Beach Raker LLC NOTE TO BIDDER: Use preferably BLACK ink for completing this BID form.

BIDDER'S DECLARATION AND UNDERSTANDING

The undersigned, hereinafter called the Bidder, declares that the only persons or parties interested in this Bid are those named herein, that this Bid is, in all respects, fair and without fraud, that it is made without collusion with any official of the Owner, and that the Bid is made without any connection or collusion with any person submitting another Bid on this Contract.

The Bidder further declares that he has carefully examined the Contract Documents for the construction of the project, that he has personally inspected the site, that he has satisfied himselfas to the quantities involved, including materials and equipment, and conditions of work involved, including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the work and to identify the said quantities with the detailed requirements of the Contract Documents, and that this Bid is made according to the provisions and under the terms of the Contract Documents, which Documents are hereby made a part of this Bid.

CONTRACT EXECUTION

The Bidder agrees that if this Bid is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner evidence of holding required licenses and certificates, and will, to the extent of his Bid, furnish all machinery, tools, apparatus, and other means of construction and do the work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

CERTIFICATES OF INSURANCE

Bidder agrees to furnish the Owner, before commencing the work under this Contract, the certificates of insurance as specified in these Documents.

START OF CONSTRUCTION AND CONTRACT COMPLETION TIME

The Bidder further agrees to begin work within 10 calendar days after the date of the Notice to proceed and to complete the project, in all respects within 3 years after the date of the Notice to Proceed with an option to extend for two (2) years at the unit prices stated in the Proposal plus Consumer Price Index (CPI) increases

LIQUIDATED DAMAGES

In the event the Bidder is awarded the Contract and shall fail to complete the work within the time limit or extended time limit agreed upon, as more particularly set forth in the Contract Documents, liquidated damages shall be paid to the Owner at the rate of \$500.00 per day for all work awarded until the work has been satisfactorily completed as provided by the Contract Documents.

ADDENDA

The Bidder hereby acknowledges that he has received Addenda No's. 01, 02,

(Bidder shall insert No. of each Addendum received) and agrees that all addenda issued are hereby made part of the Contract Documents, and the Bidder further agrees that his Bid(s) includes all impacts resulting from said addenda.

SALES AND USE TAXES

The Bidder agrees that all federal, state, and local sales and use taxes are included in the stated bid prices for the work.

LUMP SUM

The Bidder further proposes to accept as full payment for the work proposed herein the amounts computed under the provisions of the Contract Documents and based on the following lump sum amounts. The Bidder agrees that the lump sum represent a true measure of the labor and materials required to perform the work, including all allowances for overhead and profit for each type and unit of work called for in these Contract Documents.

LUMP SUM BID PRICE ITEMS

Bidder will complete the Work in accordance with the Contract Documents for a fixed fee price.

The Bidder further agrees that the unit prices represent a true measure of the labor and materials required to perform the work, including all allowances for overhead and profit for each type of work called for in these Contract Documents. The amounts shall be shown in both words and figures. In case of a discrepancy, the amount shown in words shall govern.

ADDENDUM NO. 1

SMATHERS & REST BEACH CLEANING CONTRACT / ITB 19-003

December 9, 2018

This addendum is issued as supplemental information to the bid package for clarification of certain matters of both a general and a technical nature. The referenced Invitation to Bid (ITB) package is hereby amended in accordance with the following items:

Pre-Bid Request for Information:

1. In regard to Page1, Paragraph 3, terms of contract; Please confirm the 5% for the bid bond only applies to the 3-year total.

Bid Bond shall be in the amount of five (5) percent of the TOTAL LUMP SUM BASE BID.

2. Does the City wish to have the cost of the Performance and Payment bonds included in the lump sum bid? The RFP states that the forms are not to be modified in anyway.

Yes, include the cost of the Performance & Payment bonds in the TOTAL LUMP SUM BASE BID.

3. As part of the Bidders Checklist, #11. It appears that we are to include ONLY Part 1 Bidding Requirements (all page from ITB) which include completed/signed forms, and ONLY Part 2 Contract Forms. Correct? Are Part 2, Forms to be executed and signed within this section as part of the bid process? Or is this done upon award to the selected contractor? This Is not clear given Article 14.

Please submit Part 1 Bidding Requirements pages 1-28 and Part 2 Contract Forms pages 30-35. Contract forms will be executed upon award.

4. Can the City confirm what was represented at the pre-bid; that the cleaning of the eastern groin at Smathers Beach and the Rest Beach cleaning can be performed after 10:00am, the morning deadline to complete all beach cleaning?

Yes, the cleaning beyond the eastern groin of Smathers Beach and Rest Beach can be performed after 10:00 a.m.

5. The work in the contract is defined in this ITB, can you further define the Cities needs of page 12, "List items to be performed by CONTRACTORS....".

Page 12 should read: "List items to be performed by CONTRACTOR'S own forces and the estimated total cost of these items."

SMATHERS & REST BEACH CLEANING CONTRACT / ITB 19-003

December 12, 2018

This addendum is issued as supplemental information to the bid package for clarification of certain matters of both a general and a technical nature. The referenced Invitation to Bid (ITB) package is hereby amended in accordance with the following items:

Pre-Bid Request for Information:

1. Will the ADA ramp and trash of Rest Beach needed to be cleaned daily, or, will the ADA ramp and trash only be cleaned at the same time Rest Beach is to be cleaned, i.e. 52 times during the year?

52 times a year for the ADA ramp and trash also.

All Bidders shall acknowledge receipt and acceptance of this Addendum No. 2 with Attachment by submitting the addendum with their proposal. Proposals submitted without acknowledgement or without this Addendum may be considered non-responsive.

The City includes a budget each year for normal maintenance and ongoing upkeep of beaches to be managed by the Community Services Department, as part of the City's regular maintenance program funded by the City's General Fund Budget. The work is competitively bid to a contractor. In a recent solicitation for beach cleaning services, Beach Raker submitted a bid in response to ITB 19-003 (bid opening date of 12/19/2018) and was awarded the beach cleaning contract (Resolution 19-027) at a lump sum of \$2,205,000 broken down as \$700,000 for Year 1; \$735,000 for Year 2; and \$770,000 for Year 3. The Beach Raker contract began February 2019. There is an option to extend this contract for two (2) years.

There are also City Staff labor/materials and trash pick up that are a part of beach maintenance. These are the projected costs of City Staff and waste management for Smathers and Rest Beaches only for the fiscal years 2020-2024:

2020 \$100,320 2021 \$105,336 2022 \$110,603 2023 \$116,133 2024 <u>\$121,939</u> \$554,331

Please see attached Budget Worksheet, Exhibit B, detailing the calculation of the annual average during a 5-year time period in the amount of \$930,000 (the amount requested in this application).

Marketing Plan

The City's beaches are marketed through the City of Key West website and social media as well as the local Chamber of Commerce throughout the State of Florida and nationally as part of the overall tourism development campaign. Smathers Beach in particular, is enormously popular and requires minimal individual promotion as evidenced by the huge crowds which populate them all year around.

Approximately 495,000 patrons annually visit City beaches.

Monroe County Tourist Development Council FY 2020 Capital Project Application

HOLD HARMLESS/INDEMNIFICATION (Enclose as Exhibit N)

City of Key West (herein after "Organization") hereby covenants and agrees to indemnify and hold harmless the Monroe County Board of County Commissioners and Monroe County Tourist Development Council (herein after "BOCC/TDC") and the 3406 North Roosevelt Blvd. Corporation or any of its officers and employees from and against any and all claims, liabilities, litigation, causes of action, bodily injury (including death), personal injury, and property damage, and another other losses, damages, costs, expenses (including but not limited to fees and expenses arising from any factual investigation, discovery or preparation for litigation), and the payment of any and all of the foregoing or any demands, settlements or judgments arising out of, or in connection with, **Key West Beach Maintenance Services** (herein after "Project") being funded by the BOCC/TDC. The Organization shall immediately give notice to the BOCC/TDC of any suit, claim or action made against the Organization that is related to this Project, and will cooperate with the BOCC/TDC in the investigation arising as a result of any suit, action or claim related to this Project.

a.) Non-Waiver of Immunity. Notwithstanding the provisions of Sec. 768.28, Florida Statutes, the participation of the BOCC/TDC in reimbursing/funding any portion of the Project and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the BOCC/TDC be required to contain any provision for waiver.

b.) Privileges and Immunities. All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the BOCC/TDC, when performing their respective functions related to this Project within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

c.) RESTRICTIONS ON AGREEMENTS FUNDED BY BOCC/TDC. The Organization shall include the following term in all agreements funded by the BOCC/TDC for this Project:

Hold harmless/indemnification. Contractor acknowledges that this agreement is funded at least in part by the BOCC/TDC and agrees to indemnify and hold harmless the BOCC/TDC and any of its officers and employees from and against any and all claims, liabilities, litigation, causes of action, damages, costs, expenses (including but not limited to fees and expenses arising from any factual investigation, discovery or preparation for litigation), and the payment of any and all of the foregoing or any demands, settlements or judgments (collectively claims) arising directly or indirectly from any negligence or criminal conduct on the part of contractor in the performance of the terms of this agreement. The contractor shall immediately give notice to the BOCC/TDC of any suit, claim or action made against the contractor that is related to the activity under this agreement, and will cooperate with the BOCC/TDC in the investigation arising as a result of any suit, action or claim related to this agreement.

entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN. later. or Note: If the account is in more than one name, see the instructions for line 1. Also see What Name and

Number To Give the Requester for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- 3. I am a U.S. citizen or other U.S. person (defined below); and
- 4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.
