Hi Alyssa,

These photos will suffice, but I still need a signed copy of the posting affidavit that I sent in my last email. I will attach the affidavit again to this email and it needs to be filled out and signed. You can either drop off a physical copy of the signed affidavit, or send me a scanned version.

One other thing – if Scott cannot make it to present the project next Wednesday, we need an email from him authorizing someone to take his place.

Thanks so much!

Hi Kathleen,

Attached are the pictures at 313 Duval St. with the Public notice posted. Will this email suffice or do I need to bring in physical copies of the pictures?

Thank you,
Alyssa

Hi Mary,

That's great, thank you so much! The HARC office is within the planning department at City Hall. If you come in through the back entrance, someone at the desk can direct you to me.

Hi Kathleen.

I can deliver the full survey to you in the next day or two. Also, I have asked the draftsman to send the digital version of his work, and I will forward to you by email.

Is your office at City Hall?

Thank you so much.

Good morning Scott,

I'm working on the staff report for the ticket sales cart at the Hard Rock that will be presented in front of HARC on the 23rd. I'm wondering if you can provide larger images (perhaps in their digital file format) of the proposal, as well as a better copy of the site survey (the one that was provided in the application is a little hard to read in terms of the proposed location). If you can provide these, it would be much appreciated. Thank you!
