Hi Rich,

I want to bring you up to date on the unfinished situation on the Shark.

I appreciate ALL you have done to get it up to this point.

Several things are left to be done.

1. Pull dents from the head. Should have been done on the ground but...

I purchased 3 different dent pullers on Amazon that will do the trick, just takes time. \$65.

2. Repair , clean and install Signature. (I rescued it under the shed)

I purchased s/s weld cleaner, but one very small weld and 4 holes drilled in the block wall. \$50.

3. Polish and seal entire sculpture.

I purchased two BUSCH products made for S/S months ago. \$48.

Thank you for following up on one of my cherished work of art I created in 2004 for the city.

We received great, above the fold , front page press. The didn't use the short write up I gave them.

Regards, Dick Moody, 305-942-1758
