I also have legal questions about the O'Connell complaint, you and I are both aware that the city and police department have taking a stance on 365.16, that jurisdiction falls where the call is placed, O'Connell has acknowledged he found out the jurisdiction in which the call was placed, but refused to turn it over to the proper jurisdiction, further, O'Connell is on video tape saying he went to Chris Weber, and Chris Webber authorized the subpoena, the investigation from internal affairs has stated that Chris Webber has told them that he never authorized the subpoena, this is further evidence that O'Connell is lying, and covering up a very serious crime, the CRB in the annual report expressed this concern, nobody in the Police Department or the city has responded, and the situation has only escalated, instead of deescalated, the city needs to take proper action soon, The internal affairs investigation has uncovered some very serious concerns, I would like to know how the CRB is addressing these concerns, the same concerns that they asked to be addressed a year ago, still go unaddressed by the city

Dear Mr. Legnaioli,

I have forwarded your reply to the Board and Mr. Cintron for a response.

Best regards,

Thomas Pakenas

I would like to know how the Citizen review board is handling this complaint response by the police department, does the CRB believe it is appropriate for the officer being complaint against, to conduct his own investigation? And then not sign off on it per 112.533?
I will need an answer for this
