

Mayor Johnston and City Commissioners,

I am seeking your support in the rent abatement resolution that will be presented at the August 4th commission meeting. I have been a tenant for 28 years. I am the owner/operator of the Jolly Roger II sportfishing boat.

I was forced to stop operating on or around March 20, 2020. This has caused me great financial hardship.

Forgiving the rent for the months of April, May & June would provide me with relief.

I respectfully request that you support the rent abatement for charter boat row tenants.

Thank you!

Captain Joseph Mercurio III

Jolly Roger II
