## CROYE PARK

Owned and Developed by Tatum Bros.

Is always mentioned among Miami's finer subdivisions. It is wonderfully located—high on the bank of the Miami river, only 22 blocks from the courthouse.

Its natural value is greatly enhanced by its many completed improvements which give home-builders immediate access to every city convenience—telephones—electric lights—gas—pure water — jitney bus service—paved streets — curbs—sidewalks—parkways—gardens and bearing fruit trees.

You cannot find a more completely desirable homesite from every standpoint. Grove Park's natural beauty, its modern improvements and its proximity to downtown Miami make it incomparable.

PRICES AS LOW AS \$2200
