Report on the Activities and Recommendations of the Parking and Alternative Transportation Group ("Group")

June 19, 2018

Introduction

The group was formed by the City Commission via resolution No. 17-215 on August 15, 2017 to establish a temporary advisory board that will make recommendations to the City Commission and Staff for the improvement of parking and alleviation of congestion, especially in the Old Town area of the Island. The mission of the Group shall be to accumulate information, review effective strategies in other communities, formulate suggestions and recommendations to alleviate congestion, encourage public transportation, reduce reliance on personal vehicle use and improve parking availability. The Group shall sunset 180 days after its first meeting.

The seven appointed members have worked diligently under this charter, holding its initial organizational meeting on December 5, 2017 with an expected sunset of June 3, 2018 absent an extension. The Group's sunset was extended on June 5, 2018 under resolution No 18-179 for 60 days to allow time for a final meeting to approve this report. The Group has met eight times and has held two public workshops seeking public input on the many topics and potential recommendations of the Group. We sincerely hope that you find this report useful. We also would like to take this time to thank you for the opportunity to serve the City Commission and the citizens of Key West in tackling one our most important community challenges. We would also like to give special thanks to City Staff, particularly, Sue Harrison, Steve McAlearney, John Wilkins, Rod Delostrinos, Jason Hoegle, and Alison Higgins for their substantial efforts in supporting the work of the Group.

We also would like to thank the City Commission for their prompt action on the two items the Group has already submitted to the City Commission related to Parking Fines and the Multimodal Transportation Coordinator as follows:

Parking Fines: The fine for parking violations shall be increased from \$20 to \$35 to deter noncompliance. Enacted by the City Commission 7-0 on January 17, 2018 under ordinance No 18-03.

Multimodal Transportation Coordinator: Recommending the City Manager expeditiously re-evaluate and amend the compensation, title, and job description of the vacant Bicycle/Pedestrian Coordinator Position to "Multimodal Transportation Coordinator"; Recommending that the City Manager make efforts to hire a qualified person for that position in a timely manner. Approved by the City Commission 7-0 on March 20, 2018 under resolution No 18-114. No action by City Staff at the writing of this report.

Report on the Activities and Recommendations of the Parking and Alternative Transportation Group ("Group")

June 19, 2018

Recommendations

The actions and recommendations have been listed below and grouped by short term and long-term based on the Group's judgement of time required to enact or implement. We have also numbered all recommendations for ease in referencing and discussing them.

Short Term

1. **Criteria for Residential Parking Numbers Per Block:** Recommend that all blocks within the Residential Parking Zone have at least 50% marked residential only; that all blocks adjacent to paid parking zones have at least 75% marked residential only, and that all blocks with parking on only one side of the street have at least 75% marked residential only.
2. **Parking Fees:** Recommend raising all parking fees to be consistent at \$4 per hour at all City owned paid parking lots and meters and that the increase in revenues be allocated 50% to the Parking and Alternative Transportation Fund and 50% to the General Fund. The Parking Department estimates that 85% of these fees are paid by tourists and visitors and that this change will produce \$2,136,000 in new parking revenues.
3. **Parking Rates for Tour Buses:** The fees for tour bus parking at the designated Caroline Street lot shall be changed to \$900 monthly from \$1,500 monthly (a reduction in the daily rate from \$50 to \$30) and to \$50 daily from \$100 daily to encourage increased participation and less tour bus travel around town.
4. **Speed Limits:** Recommending that the speed limit for all streets within the City of Key West be set at 20 mph, regardless of street ownership, with the following exceptions:
 - a. North Roosevelt Blvd 35 mph (no change)
 - b. South Roosevelt Blvd 30 mph (no change)
 - c. Flagler Ave (from S Roosevelt to Bertha/First) 30 mph (no change)
 - d. Flagler Ave (from Bertha/First to Reynolds) 25 mph (no change)
 - e. Palm Ave 30 mph (no change)
 - f. Eaton St 25 mph (no change)
 - g. Truman Avenue (from Eisenhower/Jose Marti to Duval) 25 mph (no change)
 - h. College Rd 25 mph (no change)
 - i. See attached map
5. **Extend Meter Paid Parking:** Expand the meter paid parking program to the 200 block of Elizabeth St.
6. **30 Minute Parking Reform:** Recommend a three-year phase in of reducing the reserved "30 minute" parking spots to 15 minutes, to reduce hours available to 8 am to 8 pm only, and to require businesses to periodically demonstrate to the City their off-site parking arrangements.
