Re: A Potential New Home at 314 Amelia Street, Key West, FL 33040

As a neighbor, I have no opposition to the owner's plans as I believe the new structure will enhance the neighborhood as well as will be a certain improvement over the existing structure. I am also supportive of multi-generational owners having the ability to retain their properties by improving them and I look forward to the family remaining a part of the community for foreseeable future.

Sincerely,

  
George Robb
